

**Name(·):** María Belén Hinojosa Centeno  
**Title(\*):** Dr.  
**Country/Countries(\*):** Spain  
**Institute name:** Universidad de la Castilla-La Mancha  
**Department/section:**  
**E-Mail:** Mariabelen.hinojosa@uclm.es  
**Web address:** <http://blog.uclm.es/grupofuego/>

**I AM LOOKING FOR :** ☐ A PARTNER (FOR MY PROJECT) ☒ A PROJECT TO JOIN

**BRIEF DESCRIPTION OF YOUR PARTNER SEARCH (\*)** (2-3 lines to be published on the website – the complete form will be available to download)

We are looking for joining a project to work together on soil biogeochemistry and microbial biodiversity with special emphasis on areas affected with wildfires

*Please complete the information below depending if you are looking for a partner (to join your project), or a project (you would like to join) – Max 1 page.*

**DESCRIPTION OF YOUR EXPERTISE /SKILLS**

We have experience in soil and plant nutrient cycling, soil organic C and N, enzyme activities, soil C and N mineralization rates, soil microbial community structure (fatty acids, ADN), among others. In addition, we have experience in linking belowground (microbial) and aboveground diversity (plant).

**DESCRIPTION OF YOUR PROJECT / THE PROJECT YOU WOULD LIKE TO JOIN**

We are looking for joining a project to work together on soil biogeochemistry and microbial biodiversity with special emphasis on areas affected with wildfires.  
The use of microbial diversity in terms, of both structure and functionality could be a good indicator of resistance and resilience of different ecosystems to wildfires. We would like to join a project about the effect of different wildfire regimes (recurrence, intensity, timing etc.) wildfires on soil microbial community structure and functionality.

**DESCRIPTION OF THE EXPERTISE/SKILLS YOU ARE LOOKING FOR IN YOUR PROJECT**
