

Name (-): Emmanuel Paradis
Title (*): Dr.
Country/Countries (*): France
Institute name: Institut de recherche pour le développement (IRD)
Department/section: Institut des Sciences de l'Évolution de Montpellier (ISEM)
E-Mail: Emmanuel.Paradis@ird.fr
Web address: <http://ape-package.ird.fr/ep>

I AM LOOKING FOR : A PARTNER (FOR MY PROJECT) A PROJECT TO JOIN

BRIEF DESCRIPTION OF YOUR PARTNER SEARCH (*) (2-3 lines to be published on the website – the complete form will be available to download)

I am particularly interested in projects involving large mammalian predators and their interactions (in the broad sense) with human populations. I have worked in Southeast Asia for the last 11 years but am also working on global questions.

Please complete the information below depending if you are looking for a partner (to join your project), or a project (you would like to join) – Max 1 page.

DESCRIPTION OF YOUR EXPERTISE /SKILLS

Modelling in ecology and evolution (24 years of experience); strong skills in programming in R and in C (and other computer languages; 17 years of experience), and in software development (more than 5000 citations on Google Scholars). Over the last few years, I developed expertise in “big data” analysis (GIS). I have extensive experience with field ecology and working in several consortia and teams. I have experience working in academic systems in different countries (France, UK, USA, Indonesia, Thailand).

DESCRIPTION OF YOUR PROJECT / THE PROJECT YOU WOULD LIKE TO JOIN

I am particularly interested in projects involving large mammalian predators and their interactions (in the broad sense) with human populations. I already have several papers in preparation or submitted on questions related to this topic. I have worked in Southeast Asia for the last 11 years but am also working on global questions. Topics related to large-scale data analyses and to forecasting are of special interest to me.

DESCRIPTION OF THE EXPERTISE/SKILLS YOU ARE LOOKING FOR IN YOUR PROJECT
