I AM LOOKING FOR : A PARTNER (FOR MY PROJECT) A PROJECT TO JOIN

BRIEF DESCRIPTION OF YOUR PARTNER SEARCH (*) (2-3 lines to be published on the website – the complete form will be available to download)

Plastics are emergence pollutant affects all ecosystems. It is need to be well understood. I'm interested in joining a project with the potential to missing points of plastic pollution in environment such as, exact sources, distribution dynamics, pressure on species and seek possible solutions.

Please complete the information below depending if you are looking for a partner (to join your project), or a project (you would like to join) – Max 1 page.

DESCRIPTION OF MY EXPERTISE /SKILLS

My primary area of expertise is the collection, classification, identification of plastics in the aquatic environment, and the evaluation of the interaction of plastics with aquatic life with sophisticated methods. In addition, another area of expertise is the interpretation of these data obtained through various statistical methods (with Frequentist and Bayesian inference).

THE PROJECT I WOULD LIKE TO JOIN

Interested in pollution (especially plastic pollution) effect on marine and freshwater ecology. I would be interested in participating in any project in which the effects of micro-, meso-, and macroplastic pollution on biodiversity.

DESCRIPTION OF THE EXPERTISE
