I AM LOOKING FOR : ☒ **A PARTNER (FOR MY PROJECT)** ☐ **A PROJECT TO JOIN**

BRIEF DESCRIPTION OF YOUR PARTNER SEARCH (*) (2-3 lines to be published on the website – the complete form will be available to download)

We are looking for a partner working on the assessment the impact and modeling of Biodiversity and ecosystem services in Agroforestry, Agrostology, mangrove, climate change, invasive plant, and pollution

Please complete the information below depending if you are looking for a partner (to join your project), or a project (you would like to join) – Max 1 page.

DESCRIPTION OF YOUR EXPERTISE /SKILLS

The CNF has expertise in field studies for invasive alien species, availability of wood forest products, and measurement of air pollution on plant leaves. It will be a pleasure for us if you could join us in developing a partnership

DESCRIPTION OF YOUR PROJECT / THE PROJECT YOU WOULD LIKE TO JOIN

the project aims at modeling the evolution of biodiversity and ecosystem services (availability of resources and services over the long term) of many protected areas of Cote d'Ivoire in the face of climate change (in the forest-savanna transition zone), in the face of changes in land use (intensification of Agroforestry in Cote d'Ivoire and Agrostology, illegal gold panning), overexploitation of forest products (mangroves for firewood, and timber in savannah areas), in the face of the spread of invasive alien species in the terrestrial ecosystem and sargassum in the marine environment) and in the face of pollution (atmospheric: measured by the leaves of plants).

DESCRIPTION OF THE EXPERTISE/SKILLS YOU ARE LOOKING FOR IN YOUR PROJECT
